

What happens when we mix

“fried and true”

with

“fresh expressions”

????????????????????

It'll blow up?!

Nothing!!

Will it blend?

*Come and experiment with us in January
and see what happens . . . 😊*

January is often a time of play in Australia, and so it's a great time to "experiment" with things old and new.

This January our Parish will take some time to experiment at our 10am Service at All Saint's with a mixture of "tried and true" worship and some "fresh expressions". Our worship will follow our Prayer Book, with some options within that to try new and fresh ways to express our faith and worship.

We hope that what will be produced is worship that allows people across generations to join together, learn from one another, enjoy one another, and grow in faith—because we need one another to do that!

So come along and join us as we "experiment". Like all good experiments there will be some failures, along with some eureka moments! You just never know what is going to happen when God gets involved.

10am January 5th—Following a Star

We celebrate the 12th (and last) day of Christmas with the Feast of Epiphany. We'll welcome the Magi (Wise Men), and end Christmas with a bang!

10am January 13th—Water Fight!

On this day we remember the baptism of Jesus, and the start of his ministry.

10am January 20th—The Science of H2O in to Vino

We will tell the story of the Wedding at Cana, and Jesus' first miracle.

10am January 27th—Giving Thanks and Getting Ready

On this Australia Day weekend we give thanks for our nation and its long history. We also get ready for the academic year to begin, and will bless backpacks.
