 Joubert
SINGERS

The Peninsula of Hunters Hill is enclosed by the Lane Cove and Parramatta Rivers, which spill into the Sydney Harbour.

The Parish of Hunters Hill and Joubert Singers have a long history together, and like these two rivers, while significant on their own, it is when we come together that a deep harbour of beautiful sounds and melodies are created.

Our concert includes works by Bach and Mozart through to contemporary Icelandic and Australian pieces. There will also be a solo on the historic Bevington pipe organ.

So we invite you to come and immerse yourself in the deep waters of music that will be provided. Afterwards you are welcome to enjoy drinks and nibbles in the garden.
